## FIVE ARRESTS MADE.

Sultan Has So Informed Our Minister at Constantinople.

## TURKS STILL INSIST

That the Shooting When American Consul Was Passing By in a Carriage Was Carrying Out Joyous Custom.

Constantinople, Sept. 1.—The porte has notified Minister Lelachmal that five arrests have been made at Beirut in connection with the shooting which led to the report that William C. Magelssen, United States vice and deputy consul there, had been assassinated. The Turkish officials continue to insist that no attempt was made on the vice consul's life and they reassert that the whole story originated in a joke of a shot fired on the occasion of a native marriage and in accordance with custom. Mr. Lelachman, however, refuses to accept such explanation without conclusive proof by judicial investigation.

An attempt to burn the American college at Kharput occurred five weeks ago and was apparently the work of an individual who considered he had a grievance against the college authorities. When Mr. Lelachman was informed of the attempt he demanded that the porte protect the American institution, and as a consequence of his representations instructions were sent to the authorities at Kharput to try in the regular courts charges against fifty Armenians accused of trafficking in arms and engaging in other seditious acts. Among the accused is Professor Tenekdjian of the American college, whose treatment in prison pending his trial was also ordered to be improved.

Mr. Lelach is pressing for definite settlement of numbers of matters on which agreements were reached with Turkish authorities last year, but which in spite of frequent promises on the part of the porte have never been executed. For instance, a naturalized American is still in prison at Tripoli, Syria, although the porte has frequently informed Mr.

## SWUNG UP IN EFFIGY

The Populace Seem to Have Hatred of Foreigners

## VENEZUELAN ANGRY

Two Traders Were Arrested For Not Paying Their Taxes and Several Other Parties Are Likewise Treated.

Cumana, Sept. 1.—A gibbet was erected in a street of this city on which was hanged an effigy representing a foreigner and the populace beat the dummy with sticks amid shouts of "death to the foreigners."

Two leading traders, H. Palazzi, a Frenchman, and Herr Sprick, a German, were recently arrested in Ciudad Bolivar by the order of President Castro for refusing to pay their taxes, which had already been collected by the revolutionists during the latter's occupation of the city. Many other persons were also arrested on the same charge. The French and German Ministers at Caracas protested and obtained the immediate release of their fellow countrymen.

General Rolando and 200 rebel officers, who were captured at Ciudad Bolivar have arrived at Maracaibo. They were incarcerated in the fortress of San Carlos with their feet in irons.

## HARSH INJUSTICE.

Foreigners Are Having a Hard Time in Interior of Venezuela.

Willemstad, Island of Curacao, Sept. 1.—Harsh injustice is being meted out to foreigners residing in the interior of Venezuela, where the local authorities are hunting down all foreigners who dare to present claims against Venezuela in accordance with the recent protocol. Near Coro a local tribunal refused to accept testimony of three Italians, and on their offering their depositions, they were arrested and thrown in jail. Two of them attempted to escape, were fired on and one of them was killed. The Venezuelan government does not deny this occurrence, but is doing nothing to prevent repetitions. It is learned on good authority that the letters sent to foreigners from the Italian and other legations, instructing them to send in their claims, were seized in the post so as to prevent the claims from arriving in Caracas in time.

## WAR PROBABLE.

Turkey and Bulgaria May Soon Engage in a Conflict.

Sofia, Bulgaria, Sept. 1.—Both in official and revolutionary circles the opinion is freely held that war between Bulgaria and Turkey is imminent and can be averted by nothing short of a miracle. It is not expected that either government will formally declare hostilities, but that the prevailing conditions will force on a war.

German consuls are said to be persuading the sultan to engage in a contest.

## FEARFUL STORM.

Four Counties of Virginia Suffer Considerable Damage.

Richmond, Va., Sept. 1.—A terrible destructive hailstorm is reported from Amherst, Nelson, Appomattox and Charlotte counties. It swept from Albemarle southwest through the state and leveled crops everywhere within its pathway. In Appomattox alone, it destroyed a million tobacco plants. The hailstones at some points were as large as hen eggs, and crushed all vegetation to the ground.

## "FIT AS A FIDDLE"

Answer That Vice Consul at Beirut Sent to an Iowa Friend.

Franklin, Ia., Sept. 1.—Major C. J. S. Miller, an intimate friend of Vice Consul Magelssen, on Saturday, cabled the vice consul as to his condition after escaping assassination and received the following dispatch Monday from Beirut: "Fit as a fiddle."

"MAGELSEN."

## NEARLY SEVERED.

Terrible Accident to a Child Brought About by a Mower.

Chickasha, I. T., Sept. 1.—A four-year-old son of Gus Mindeman, a German, living on a farm three miles east of Union City, Okla., had both feet almost severed by a mowing machine. Mindeman was cutting hay, and, being short-handed, his wife drove with her little son on the seat beside her. The lines became entangled and she asked the child to release them. As he did so the horses started and the knife of the machine made several slashes before stopping.

## Indians Confer.

Vinita, I. T., Sept. 1.—Crazy Snake, the leader of his faction of the Creeks, has held a conference with the Keetowahs in the Cherokee nation, and at this pow-wow of the disaffected bands of the two tribes it was decided to send delegations to Washington at the convening of congress and ask for a redress of their alleged grievances.

Lelachman that the authorities at Beirut who have jurisdiction over Tripoli have been ordered to liberate him.

Monday Mr. Lelachman received a telegram from Rear Admiral Cotton, dated from Genoa, Italy, Sunday evening, announcing that the United States warships Brooklyn and San Francisco would arrive off the coast at the end of this week. American officials here attribute the dispatch of warships to Turkish waters not solely to the Magelssen affair, but to the general dissatisfaction of authorities at Washington at non-fulfillment of the porte's promise in regard to pending questions and to the determination of President Roosevelt to show Turkey that she can not trifle with American representatives. Diplomatic circles here generally approve the energetic action of the United States, which, as pointed out, is amply justified by the bad faith of Turkey, and it is felt here that the appearance of United States warships in Turkish waters will lead to an immediate settlement of the pending dispute. Nothing so impresses the porte as a naval demonstration, and diplomats claim this will be specially noticeable in the present case, as Americans are not fettered like the other powers by agreements regulating the international political affairs of Turkey.

## WILL CONTROL.

Sultan Refuses to Allow Commander to Have Full Sway.

Constantinople, Sept. 1.—Consular dispatches from Prishtina, near the Serbian frontier, confirm the reports that nearly all Christian villages in the districts of Dibre, fifty-four miles from Monastir, and Gicevo have been pillaged and burned and the inhabitants have fled. It is not stated whether Albanians or Bulgarians are perpetrators of the outrages. In spite of the apparent gravity, a general salutation of optimism prevails in Turkish circles. In the course of audiences which the German ambassador, Baron Hirsch von Elbeherstein, and the Russian ambassador, M. Zinevich, had with the sultan for the purpose of recommending more energetic action and entrusting to the Turkish commander-in-chief full direction of military operations, the sultan replied that he preferred to retain control at Constantinople.

BRYAN, TEXAS, SEP. 2, 1903.

They are certainly "scared up" about the boll weevil in Georgia. The following extract is from the bulletin of the Georgia agricultural experiment station: The persistent, savage slaughter of our insectivorous birds, now carried almost to the point of actual extermination, also renders it most difficult, every year that passes, to combat a wholesale insect invasion like the present one. As these very words are written, shot guns may be heard popping by the score just outside the station grounds, murdering—what? Martins and swallows—nothing else—all absolutely inedible—yet each, as an insect destroyer, worth so the farmer more than a full day's wages! And presently will come, to cap the climax, the Mexican "boll weevil"—unaffected by any known insecticide. His arrival in force is but a matter of time—inevitable, relentless, birdless and remediless, where, when he does come, will we be "at?"

### LITTLE ANNIE RUTH SIMPSON.

The home of Mrs. McDuff Simpson was overshadowed with gloom yesterday. Little Annie Ruth, a sweet little babe about one year old, was claimed by the death angel after a very brief illness. She was taken sick on Saturday, and all that the physician, a fond mother and relatives could do to ease or prolong her life was unavailing. She died yesterday at

3:30 a. m. and at 4:30 yesterday afternoon was interred in the city cemetery, beside the form of her father, who preceded her to the grave only a few months ago.

Dr. J. D. West conducted the funeral services. A bevy of girls served as pall bearers, and beautiful flowers were strewn upon the little grave by loving hands. The bereaved family have the sympathy of many friends.

### Virgil Garvin's Baby Girl.

From a recent issue of the Brooklyn Eagle we clip the following paragraph relative to Virgil Garvin, formerly of Navasota, and his baby girl:

Among the spectators on the grand stand yesterday was a pretty blue eyed little girl of some four summers, who evidently knew the game and took an absorbing interest in the welfare of Pitcher Garvin. Her varying emotions were expressively pictured in her face as the game progressed, nothing escaped her at any stage of the struggle. There were tears in her eyes when Beaumont laced out the triple in the sixth, but she smiled happily when Clark, a moment later, popped out to Doyle. It was the same when Richey opened the eighth with a double, only to remain flatfooted. She realized the nerve racking conditions in the ninth when Pittsburgh had its strongest batters up and when Garvin started off with two called balls on Beaumont, the tension was too great for her, and she shouted in an excited treble above the yells of the crowd: "Get him, papa." Garvin evidently heard, for he put on more steam and struck the pirate leader out. When it was all over and the big pitcher walked off amid the plaudits of the crowd, the little girl actually danced with glee. She was Garvin's daughter.

## IS AGAIN A FAILURE.

Reliance Was Leading, but Unable to Finish in Time.

### SHAMROCK A SHADOW

Breezes Excellent in the Morning and Gradually Died Down Until They Became Merely a Tiny Zephyr.

New York, Sept. 1.—Monday the beautiful cup defender Reliance failed to register her third victory over Lipton's challenger because the wind died to nothing and the time limit of five and a half hours expired before she could reach the finish line. Her margin was approximately the same as on Thursday last. She was less than half a mile from the finish when the gun sounded. The Shamrock III. was a faint blur on the horizon, fully two and one-half miles astern. Reliance's failure to score the race was the more exasperating because her ultimate triumph is now conceded, even by Sir Thomas himself, to be simply a formality. The superiority of the Herreshoff boat in any kind of weather is acknowledged by the yachting critics on both sides of the Atlantic and Monday's fluke only prolongs the agony of the contest that has already been decided. The waning in the cup racing was strikingly illustrated by the size of the observation fleet if the number of ships which went down to the ocean race course Monday could be dignified by such a title. Outside of the revenue cutters which patrolled the course, it consisted of half a dozen side wheelers with almost empty decks, a few sea going tugs and a score of steam yachts. The easterly wind and rain Sunday night had served to knock down the sea somewhat. As the day wore on the wind hauled to the north and fell to a mere zephyr.

### LIPTON TESTIMONIAL.

Owner of Shamrock III. Is to Receive Token of Esteem.

New York, Sept. 1.—The initial step toward the presentation to Sir Thomas Lipton of a memento from the American people, probably in the form of a silver service, was taken Monday, when the following resolution was adopted at a meeting held at the Waldorf:

"The undersigned committee, named to arrange a memento for Sir Thomas Lipton, feel assured that they represent a universal sentiment of appreciation among all classes of Americans, who love sport and admire a sportsman, and, acting upon this assurance, they suggest to the general public a popular subscription to meet the end in view. The Western National bank of New York has consented to receive subscriptions. It is desired that these be of national character, since there is no state or section where the pluck, liberality and good temper of our late antagonist, ever our friend and now our guest, has not won all hearts." It is signed by General Joe Wheeler, Hon. Henry Watterson, Mayor Pat Collins of Boston, Senator Kearns of Utah and several others.

### ANSWERS RECEIVED.

Replies of Various Companies Made to the Commission.

Washington, Sept. 1.—The Interstate commerce commission has received the answers of the Louisville and Nashville, Mobile and Ohio, Missouri Pacific and the St. Louis, Iron Mountain and Southern and the Southern Pacific railroads and the Morgans, Louisiana and Texas, Texas Road and Steamship company to the complaint of discrimination made by the LaFourche Progressive union, which purports to represent the City of Thibodeaux, La. The roads reply that the rates from St. Louis to New Orleans are fixed by water competition of controlling force and that Thibodeaux and other points on the La Fourche branch of the Texas Pacific and Thibodeaux branch of the Southern Pacific are therefore not entitled to as low rates as New Orleans, Donaldsonville and Plaquemine. The roads deny that the lower rates give the merchants at the latter points an illegal advantage over shippers in the La Fourche section.

### SHOT WIFE AND SELF.

Officers Looking For Man Wounded Each Other Seriously.

St. Louis, Sept. 1.—Unable to persuade his wife to leave St. Louis, William Schlicker shot her three times and then fired a bullet into his own brain. The woman is seriously wounded. Schlicker is dead. While hunting for Schlicker, Officers Connors and White fired on each other, under the impression that each was firing upon the fugitive. Connors is severely wounded while White was shot three times by his companion, it is believed severely.

### WAS POISONED.

Dead Man's Widow and Two Other Persons Lodged in Jail.

Paducah, Ky., Sept. 1.—Mrs. Fannie Smith Cox, charged with poisoning her husband, William Cox, at Benton, was lodged in jail here. Cox died from poisoning, at first thought to have been taken with suicidal intent. At the coroner's inquest evidence was brought out that led to the arrest of Mrs. Cox. W. B. Burtram and the latter's son, Jordan Burtram. The Burtrams are in jail at Benton.

### First Official Dispatch.

Washington, Sept. 1.—The first official dispatch from Beirut regarding the Magelsen affair received by Secretary Hay was dated Aug. 31, and signed by Consul Ravendall. It says: "Attempt on Magelsen's life failed utterly. Narrow escape, but vice consul suffered no injury."

G. and Steele Steele, deceased, sold at public sale, to satisfy indebtedness, the Brazos county lands belonging to these estates, comprising about 3,849 acres and lying in the lower end of Brazos county in the vicinity of Allenfarm. J. W. Teague of Navasota was auctioneer. The lands were sold in separate divisions. The Mills tract of 477 acres was bid in by E. A. Scott for Mrs. A. G. Six lots in Allenfarm, a part of the Jarrell place, were started at \$200 and after a spirited contest run up to \$1100 and sold at that figure. The only other contest was for the Jarrell place which was run up from \$10,000 to \$12,500.

The last of the lands sold embracing several tracts aggregating 974 acres brought \$1500.

Judge Tallaferra gave notice of a claim upon the Holiday tracts for one-third interest by Mrs. A. G. Steele with suit pending for same.

As stated above, there were approximately 3,849 acres of land sold and the aggregate of amounts paid for same was \$254,155.0. The land is now rented and the purchase does not involve the crops thereon.

### DECLARED OFF.

#### There Was Not Sufficient Wind to Make Any Headway.

New York, Sept. 1.—As each attempt to have the third race is made interest wanes. This was evidenced Monday, when there were few private yachts following the Reliance and Shamrock, the excursion fleet little more than a small picnic party, and the bulletin boards in front of the newspaper offices nearly deserted. The decided superiority of the Reliance over the British vessel was demonstrated in the two races and left no doubt in the average mind as to what would be the result of the third. Up to 8:15 o'clock Tuesday morning the wind was almost a calm, but at that time it began to freshen up, only to begin dying down again. At 10:25 the yachts appeared in a haze. The wind then had dropped to almost nothing. At 12:15 the prospects for a race were slender. The race was declared off until Wednesday.

### Signalled Off.

New York, Sept. 1.—As the calmness made it apparent that the third race between the Reliance and Shamrock III. could not be sailed Tuesday at 12:15 o'clock the racing committee called it off. The committee boat started up the bay fling signals for a race Wednesday.

### CONFESSION MADE.

#### He Is Said to Have Told a Complete Story of Recent Chicago Crime.

Chicago, Sept. 1.—With a confession implicating himself and naming Gustave Malatesta, an ex-convict, as leader to the raid, John Sleuder, a prisoner at the Englewood police station, is said by Captain Shippey to have told a complete story of the \$3000 robbery and double murder at the Chicago City railway's receiving office early Sunday morning. "I told him (Gustave Malatesta) that at 2:58 Sunday morning the owl car left the barns, and that this would be the best time to attack the cashier," said Sleuder. "I posted him about the policeman on the beat and the barn watchman."

"I knew what time the barn watchman would be on the upper floors pulling his clocks, and at what time the employees about the place would be least likely to interrupt the job."

Sleuder, who is a former employee of the railway company, denied knowledge of the names of the other two men who participated in the crime, but the police believe he eventually may be brought to reveal their identity.

The afternoon session began with a discussion of three papers on the general service of war mortality, the first by Frederick Schooling, honorary secretary of the Institute of Actuaries, London, on war risks with special reference to the war in South Africa, 1899-1902.

The second was by Kotaro Schid, a delegate of the imperial Japanese government, Tokio, on "The Risk Rate of the Late Chino-Japanese War," and the third by Robert G. Hann, assistant actuary of Equitable Life Assurance society, on "War Mortality in the United States."

The afternoon programme also included a discussion of papers on mortality in India and other tropical countries, in Japan and among other non-Caucasian races.

### GREAT SLAUGHTER.

#### Three Hundred Insurgents Reported Killed and Wounded.

Constantinople, Sept. 1.—Official reports say that 300 insurgents were killed or wounded during the fighting which occurred last week in the vilayet of Monastir. The porte sent a memorandum to the Austrian and Russian ambassadors here, pointing out that at the recent massmeeting of Macedonians in Sofia, Bulgaria, it was decided to send fresh bands into Macedonia, and also calling attention to the fact that the committees in Bulgaria were supplying insurgents with arms and ammunition by means of ships, which land their cargoes on the coast in the vicinity of Inlada.

### REQUIRE AID.

#### Miners Represented to Be in a Destitute Condition.

Tacoma, Wash., Sept. 1.—Captain Perkins, commanding the United States post at Fort Egbert, on the Yukon, has wired the war department for authority to send a relief expedition to 200 impoverished miners who started in July on a 500-mile trip through a trackless wilderness from Nazina river in the Copper river valley to Tanana river, thence to Yukon.

The miners hurried into Nazina last spring only to find that placer prospects were workable only by hydraulic mining on a large scale. Hearing of a new strike on the Tanana river, they started overland, carrying but small supplies, supposing that provision could be purchased at trading posts en route. Three miners, who were rescued from starvation by Henry Bratncher, told of the plight of the others.

### CANNOT COME.

#### Lord Roberts Will Have to Postpone His American Trip.

London, Sept. 1.—Although Field Marshal Lord Roberts is still booked to sail for Boston on the Mayflower, Sept. 23, it can now be definitely stated that he is not going to the United States this autumn. Alteration in his plans was necessitated by the postponement of British army maneuvers until the middle of September. Because of the bad weather, which retarded the harvesting of crops, and the situation in Somaliland, the war office is not wanting Lord Roberts to be absent while the new east African campaign is in preparation.

### ORIGIN OF OLD SAYINGS.

The Bridegroom.—In primitive times the newly wedded man had to wait upon his bride and the guests on his wedding day. He was their groom.

Strokin of Beef.—King Charles I., being greatly pleased with a roast loin of beef set before him, declared it "good enough to be knighted." It has ever since been called Sir Loin.

A Spinster.—Women were prohibited from marrying in olden times until they had spun a full set of bed furnishings on the spinning wheel; hence, till married, they were spinsters.

Cabal.—This word was coined in Charles II.'s reign and applied to his cabinet council. It was made out of the initials of their names, which were: Clifford, Arlington, Buckingham, Ashley, Lauderdale.

### Renamed It.

"Yes," remarked the thin chap, "he told me to name my own salary."

"Well," replied the fat one, "that was very liberal of him, I should think."

"It was so," retorted the thin one sadly, "but he didn't seem to take to the name. He changed it, and now I'm getting wages only."—Cincinnati Commercial Tribune.

## MISS MONIE BOWEY,

No. 38 Perry Street,

DETROIT, MICHIGAN.

A couple of winters ago I slipped on a frozen sidewalk and fell flat on my back. On being examined I found that I had sustained internal injuries which laid me up for more than two months. After that I noticed that I had pains in the back and groin which I never had before. I doctored and doctored for several months but as the pains increased instead of growing better I decided that I was not having the right treatment. Reading in the papers of the wonderful cures performed by Wine of Cardui I wrote to one of the parties and received a very satisfactory reply and I immediately sent for some. In a very short time I felt generally better and after seven weeks faithful use I was once more well and strong. I have never had a sick hour since and I daily bless your splendid medicine.

Miss Monie BoweY

Wine of Cardui makes women more womanly by curing their weakness and making them stronger. Wine of Cardui cured Miss BoweY. As a medicine for all women in every trying period of their lives can you think of a better medicine for yourself, your sister, your daughter or your mother? Can you think of a more acceptable present to give your friend than a bottle of this medicine which will bring her health and happiness? You are suffering? Your duty is to rid yourself of this pain. If your daughter, mother, sister or friend is sick and in need of relief, your duty is equally great to them. Many women, now well, owe their lives to friends who brought them Wine of Cardui.

Wine of Cardui is adapted to women at any age in any walk of life. For the working woman it gives her strength for her tasks and better treatment than a doctor for very small cost.
